

HELIX MANUFACTURING LTD

Board Pack - Q4 2025

Prepared by: Finance Team

Date: 15 January 2026

Distribution: Board of Directors, Meridian Capital

Executive Summary

Q4 2025 was a solid quarter for Helix Manufacturing. Turnover increased by 4.7% quarter-on-quarter driven by improved capacity utilisation and a seasonal uptick in orders. Operating expenses remained well-controlled with the cost efficiency programme delivering savings in materials handling. The factory achieved 87% capacity utilisation, up from 84% in Q3.

Headcount remained stable at 142 FTEs. Capital expenditure was modest at 45,000 for tooling replacements. The balance sheet remains strong with net assets of 4.2m and manageable debt levels.
